- ✓ Student Guides **NEW**
- ✓ Need to Know
- ✓ Aiming for an A
- ✓ Essential Maths Skills

“

The book has a lot of other features, but the one that students will come to love most is the full glossary at the back. I literally went through the spec and defined every term. And the terms themselves are also given at the end of the chapter where they're first introduced. Using terms precisely is a skill that on its own sends students towards pass grades.

Ian Marcousé

”

## Pearson Edexcel GCSE (9–1) Business Student Book

PRINT DIGITAL ENDORSED FOR PEARSON EDEXCEL

Ian Marcousé

Let Ian Marcousé successfully steer you through the latest specification with his proven and popular approach to Business; clear content coverage is enhanced by real-life examples to create a course that engages, motivates and develops every student.

- Breaks down the content of the 2017 specification into accessible explanations of important concepts and theories
- Helps students apply their knowledge to a range of real examples, issues and contexts
- Improves quantitative, investigative, analytical and evaluation skills through end-of-chapter exercises

£25.99

## AutoMaths for A level

**DIGITAL**

Boost understanding and improve A level Maths grades with access to thousands of practice questions, providing instant feedback, automated marking, a choice of pre-built tests and the ability for teachers to build their own bespoke tests.

How does AutoMaths help teachers?

- Easily set practice tests using our range of ready-made tests or create bespoke tests from the comprehensive question bank.
- Support students of all abilities; each test can include a range of difficulty levels and as many questions as you like. Unique automated error guidance shows students where they have gone wrong and sends them on the right track.
- Access thousands of questions; many questions can be set with <randomised> variables, so students never complete the same question twice.
- Track students' progress and understanding with automated marking and comprehensive reporting that enables teachers to identify where students have requested hints or made errors.

 Physics **9781510451575**

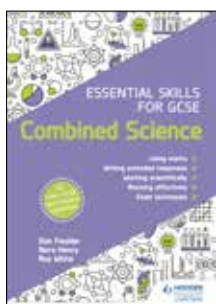

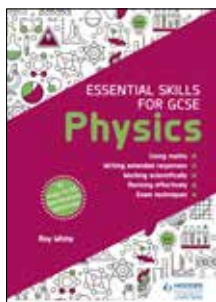

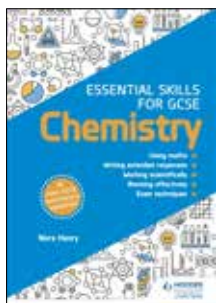

## Essential Skills for GCSE Science

**PRINT** **REVISION**

**Dan Foulder, Nora Henry, Roy White**

Build essential maths, literacy and working scientifically skills to boost marks and ensure that students reach their full potential.

- Sharpen mathematical skills with plenty of practice questions and coverage of all the maths techniques needed for the exams.
- Improve literacy skills with tips on how to write longer answers, plus peer-assessment marking activities.
- Develop the working scientifically skills needed to plan, carry out and evaluate practical experiments, in order to secure the maximum number of marks.
- Build confidence by putting skills into practice; using our three-step formula students will progress from worked examples to guided questions and exam-style questions, with fully-worked solutions in the book.
- Raise performance in the exams with practical advice on how to revise effectively and tips on understanding the questions, command words and assessment objectives.

## Exam Insights for GCSE & A level Science

**PRINT** **REVISION**

**GCSE: Emma Dougan, Stephanie Anstey, Ayd Instone**

**A level: Nick Porteus, Inderpal Kalsi, Kevin Lawrence**

Boost your grade by focusing on the lessons learnt from previous exams.

This write-in workbook targets the tricky topics in GCSE & A level Science with insights from the examiners' reports, model answers and practice questions to secure understanding and improve exam performance.

- Target revision focusing on the topics and skills students have struggled with in previous exams.
- Improve awareness of what the examiners are looking for and what's required to achieve each grade with model answers, commentary and full mark schemes.
- Get exam ready with exam-style questions and tips on how to improve answers and boost grades.
- Refresh and reinforce understanding of key concepts with short, clear summaries.
- Raise marks in the extended response, practical-based and maths questions with scaffolding that guides you through each area.

## George Facer's A level Chemistry for Pearson Edexcel

PRINT DIGITAL

George Facer

Help higher achieving students to maximise their potential, with a focus on independent learning, assessment advice and model assessment answers in this new edition of George Facer's bestselling textbook.

- Encourage independent learning with notes and clear explanations throughout
- Strengthen understanding with worked examples of chemical equations and calculations
- Stretch students with a bank of questions at the end of each chapter

£28.99

Year 1 9781471807404

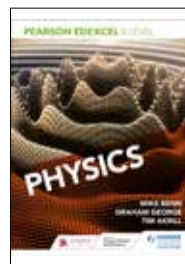

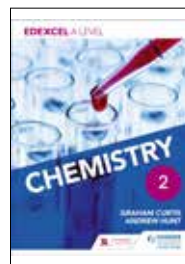

Year 2 9781471807435

Available in two eTextbook formats

Student eTextbook from £7.25/year

Whiteboard eTextbook from £50/year

Teaching & Learning Resources and Dynamic Learning Package available see order form

## Pearson Edexcel A level Science Student Books

PRINT DIGITAL ENDORSED FOR PEARSON EDEXCEL

Develop and assess your students' scientific knowledge and mathematical skills throughout A level with worked examples, practical assessment guidance and differentiated end of topic questions.

- Supports all required practicals with activities and questions to help students explain procedures, analyse data and evaluate results
- Integrate mathematical skills with worked examples, including notes on methods to help explain the strategies for solving each type of problem
- Develop understanding and knowledge with a variety of questions to engage and challenge students: prior knowledge, worked examples, Test Yourself and Exam Practice Questions
- Develop understanding with free online access to Test Yourself Answers, an Extended Glossary, Learning Outcomes and Topic Summaries

## Pearson Edexcel A level Science Teaching & Learning Resources

**DIGITAL**

Deliver engaging lessons with an online bank of ready-made resources, interactive tests and animations.

- Support all abilities and encourage higher attaining students with stretch and extension materials
- Build knowledge, understanding and problem solving skills with engaging animations and online presentations to provide students with clearer explanations
- Monitor progression and support exam preparation with interactive tests

**£75/£100**

1-year subscriptions: Small institution (26-99 students): £75; Large institution (99+ students): £100  
 Biology **9781471807589**  
 Chemistry **9781471807596**  
 Physics **9781471807602**

**Dynamic Learning Packages available see order form**

### What's included?

#### Day-to-day teaching

- **37** key concept presentations
- **10** practical skills videos
- **20** personal tutor videos
- **500+** diagrams from the associated student books

#### Year-round revision

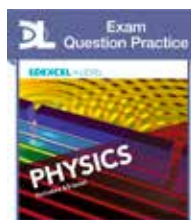

- **25** learning outcomes with test questions for each chapter scheme of work (1 per chapter)
- **22** practical worksheets
- **25** extended glossaries for each chapter
- Student book answers

#### Exam preparation

- **25** differentiated problem solving question sheets
- **25** stretching question sheets (250+ questions)
- **51** interactive quick quizzes

Please note: the quantities of resources are approximate and vary for individual titles.

## Exam Question Practice

**DIGITAL**

**Biology: Ed Lees; Chemistry: George Facer  
 Physics: Graham George, Mark Jones, Kevin Lawrence**

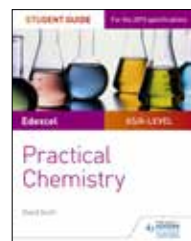

Thoroughly prepare your students for the assessments with this extensive bank of exam-style questions, sample answers and examiner comments.

- Help students succeed in their final exam through rolling revision of exam-style questions with links to relevant textbook pages for further study
- Ensure students know how to succeed with examiner comments and detailed revision advice

**£50/£75**

# Go digital with **Dynamic learning**

Dynamic Learning is an online subscription solution that supports teachers and students with high quality content and unique tools. Dynamic Learning incorporates Teaching and Learning resources, Whiteboard and Student eTextbooks that all work together to give you the ultimate classroom and homework resource.

## Teaching & Learning Resources

Bank of ready-made flexible resources, lesson planning tools, self-marking tests and assessment.

### Types of resources included:

- ✓ Course overviews/unit plans
- ✓ Teaching notes
- ✓ Student activities and worksheets
- ✓ Editable PowerPoints
- ✓ Interactive tests and quizzes
- ✓ Answers/suggested answers

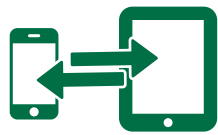

Please note: the quantities and types of resources vary for individual titles.

## Student eTextbooks

Downloadable versions of the printed textbook that are assigned to students so they can:

Download and view on any device or browser

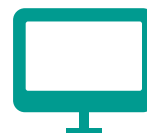

Add, edit and synchronise notes across two devices

Access their personal copy on the move without internet connection

## Whiteboard eTextbooks

Online, interactive versions of the printed textbook that enable you to:

Display interactive pages to your class

Add notes and highlight areas

Add double page spreads into lesson plans

## Money saving Dynamic Learning Packages

Subscribe and save when you order our digital resources together in a money-saving Dynamic Learning Package.

## Try everything for free

We know it's important to evaluate digital resources so you can try before you buy with a free, no obligation 30-day trial; all you need to do is give us your email and school address.

# WE'RE HERE TO HELP

To place your order or for any queries, please contact our team:

Tel: +44 (0)203 122 7399 Email: [international.catalogue@hoddereducation.com](mailto:international.catalogue@hoddereducation.com)

To find your local Hodder Education representative visit [www.hoddereducation.com/agents](http://www.hoddereducation.com/agents)

## TRY EVERYTHING FOR FREE

### Evaluate print titles free for 30 days online

If you're registered to a school or college, you can sign-up for free inspection copies in three easy steps.

- 1 Find the book at [www.hoddereducation.com](http://www.hoddereducation.com) and select 'Order inspection copy' and add to basket.
- 2 Go to your basket and checkout. If you don't already have an account with us, you'll need to register as a teacher at your institution – this only takes a minute!
- 3 A link will be sent to your email within 24 hours for resources that are available. Click for access and feel free to share the link with your colleagues.

### Evaluate our digital resources free for 30 days

We know it's important that you evaluate digital resources before you buy them, so you can try our Teaching & Learning resources and our eTextbooks free for 30 days.

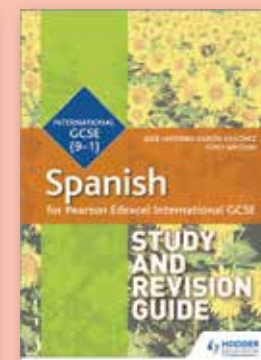

### Save money with Dynamic Learning Packages

Subscribe and save when you order our digital resources together in a money-saving Dynamic Learning Package. Visit [www.hoddereducation.com/dynamiclearning](http://www.hoddereducation.com/dynamiclearning) to learn more and trial.
