- 25 subjects covered
- 148 expertly-written textbooks
- 4,000+ interactive learning activities
- A pair of shoes with built-in jetpacks\*

\*OK, the jetpack bit isn't true, but we know that pointless gadgets aren't really what you need to teach the IB curriculum. What you need is a clear, effective and well-signposted toolkit. So, we've made sure all our resources are well-researched, clearly laid out and full of simple, practical ideas.

Everything you need, nothing you don't.  
And no jetpack shoes. Sorry.
